

# Music - Mrs. Dinjer

<b>Routines</b>  <b>Rules</b> 	<b>Entering/Leaving</b>	<b>Instruments</b>	<b>Movement</b>	<b>Sitting space</b>	<b>Group Work</b>	<b>iPad</b>
<b>Be Respectful and Kind</b>	Voices should be at a '0', eyes on teacher.	Take turns with classmates and treat instruments with respect.	Everyone should have a safe space that does not touch another.	Stay in designated seat whether it is a chair, carpet square, or riser spot.	Everyone gets a chance to speak. Listen, acknowledge, and respond.	Use only your iPad and treat it with respect. Place in designated area.
<b>Be Safe</b>	Walk and keep space between students before and behind you.	Do not run with instruments and always walk around instruments.	Stay in designated safe areas. (in front of pianos and away from countertops)	Body Basics in chairs, sports, risers. Chairs: all four legs on the ground-no tipping. Spots: criss cross in one square Risers: sitting on carpeted area and not leaning on backrest.	Stay in designated safe areas. (in front of pianos and away from countertops unless there are chairs there!) if unsure always ask!	Do not run with iPads and keep them in designated area if not in use.
<b>Work Hard and do your Best</b>	Hands should be kept to themselves.	Cooperate with groups and follow directions.	Follow directions and stay in safe spaces.	When sitting in spaces in classroom take turns using specialized seating. And leave spots like they were when you arrived.	Be a good listener and good responder. Leave work area the same as you found it.	Always use web and technology citizenship with creation.
